

Winter Light

Friday 11th December 2020

A festival of light featuring artwork by Occold Primary School.

You all know that we love to perform at our school but this year we have to do things a little differently. Join us instead to celebrate Christmas at the Winter Light experience.

We will be conjuring up beautiful artwork for families to enjoy on a lantern lit walk around the village. There will also be a chance to see this year's nativity (with a twist!)

We'll be in touch with more details soon...

If we have to cancel, due to lockdown restrictions or bad weather, we will reschedule the event because there is always light at the end of the tunnel...

WANTED!

Do you live in Occold?

Fancy spreading some festive cheer?

We are asking families in the village to host art installations for our Winter Light festival this December. You don't have to do anything! Simply let us know if you'd like to be involved by emailing or phoning the school office and give us an approximate idea of the size space you are willing to lend us. All of our artwork will be self-contained so no need to worry about the lawn being ruined. On the day of the festival we will pop along with our installation and set it up. All you have to do is wait for darkness to fall and the magic to begin...

If you don't live in Occold then join in the fun by making your own wintery light displays for your village to enjoy!

Don't hesitate to contact us if you have any questions.
