

This document shows example books which children will encounter during their guided reading sessions at Occold Primary School.

These texts are often a little above the level which a child would read independently and are selected as they provide lots of basis for small group discussion (adult-led). Guided reading sessions aim to help children gain skills in comprehension and confidence in discussing a text.

Our selection of books ensure that children are given the opportunity to discover a broad range of authors, different structures of texts and a wide range of themes.

Children always read the whole text and therefore leave at the end of Year 6 having read a diverse range of high quality books and being familiar with a wide range of authors and illustrators.
